ICOM-SUSTAIN with ICOM-AVICOM have two joint sessions during the ICOM 2025 general conference in Dubai. One of these sessions (Workshop C-3 on 13 November 2025, 14:30-16:00 Gulf Standard Time) focuses on “Why We Talk About Sustainable Communities (digital and online) and their Importance in the Cultural Sector.”

ICOM board member Michela Rota developed a survey to gather your input on this subject. Your answers will help make this workshop timely and meaningful (and it can inform ICOM-SUSTAIN about its future work).

The survey (in English - but please, answer in either English, French, or Spanish) takes 7 minutes or less to complete. Access the survey here:

<https://www.surveymonkey.com/r/NBGSDBV>

Please complete no later than 24 October 2025.

ICOM's Red List

In recognition of the 25th anniversary of ICOM's Red Lists of Cultural Objects at Risk, ICOM is collecting information on the utility of this signature resource. The survey in English, French, and Spanish, available below, takes 10-15 minutes to complete.

<https://icom.museum/en/news/icom-launches-survey-to-help-shape-the-future-of-the-icom-red-lists/>

Please complete no later than 10 November 2025.

You can read more about Red Lists and consult the database here:

<https://icom.museum/en/red-lists/>.

ICOM-SUSTAIN's First IC Day during ICOM's General Conference

International Committee for Museums and Collections of Sustainability.

Museum Of The Future

The Museum of the Future is the first museum of its kind. Built to transform the very perception of the future as we know it, the unique structure has become home to several immersive future environments that aim to position visitors in an empowering version of the future. Through distinctive themes, it elicits a world we thought we could only experience 50 years from now. Visitors become active participants in an expansive experience that taps into all five senses. By meaningfully merging aspects of science, technology and spirituality, the museum inspires humanity to re-imagine the future and all its possibilities.

One of the most complex and ambitious projects ever executed, with an instantly iconic inimitable exterior. Rising 77-metres above the ground and comprising 1,024 unique stainless steel composite panels, the façade is adorned in Arabic calligraphy, displaying three quotes written by His Highness Sheikh Mohammed bin Rashid Al Maktoum, Ruler of Dubai.

Information on all IC days appears here:

<https://dubai2025.icom.museum/international-committees-day>

The ICOM-SUSTAIN schedule appears here:
